TELEPHONE DIRECTORY CARRIES MUNI TRANSIT MAPS

In addition to the 125,000 copies of "Tours of Discovery" printed by the Municipal Railway each year, additional transit information is carried on Pages 2, 3 and 4 of the Yellow Pages in the San Francisco Telephone Directory. (In the photo, above, a smiling Joanne Gee of Pacific Telephone's Personnel Department displays the handy street car and coach map.)

With a circulation of 619,000 copies, the Telephone Directory serves as an ideal medium to tell Muni patrons what transit lines will take them where — comfortably and quickly. It is revised each edition by the Muni's Transportation and Scheduling Departments.

And speaking of fast, convenient transit service, the same adjectives apply to the City's new Centralized Telephone System which now enables you to dial directly into the Muni's departments. A list of frequently-used Muni numbers is printed on Page 2 of this Muni Memo. On Page 3 is a list of direct-dialing numbers used by customers of our sister Utility, the San Francisco Water Department. We suggest you keep both lists for ready reference.

MUNI INSPECTOR CURTIS GREEN AND STAR SON, SANDY

One of our former "Muni Men"—Curtis Green, who has been with the Municipal Railway since 1945 — has good reason to be proud these days. Not only was he promoted to the position of Inspector a short time ago, but his 18-year-old son, Sandy, has received an athletic scholarship to UCLA.

Local sports fans will remember Sandy Green as a star member of the Riordan High School football team, nominated to All-City, All-C. A. L., All-Metropolitan, All-Catholic — at which point in his "Alls" the UCLA scholarship came along. A good scholar, Sandy was voted "best student" of the Riordan gridders, and was president of the school's Block Club. At UCLA he'll study medicine. His goal: To be "Dr. Green".

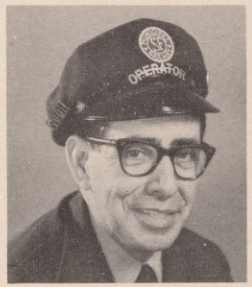
For your convenience, direct dialing is now provided to the various departments of the Municipal Railway:

Executive & General Offices	KL 8-4444
Information & Passenger Service	KL 8-4111
Schedules & Routes (See Pages 2, 3 & 4 of Yellow Section, Telephone Directory, for transit map and route information)	
Tickets	KL 8-4177
Chartered Cars & Coaches	KL 8-3795
Lost & Found	KL 8-3146
Purchasing	KL 8-4457
Accident Investigation	KL 8-4981
All Other Calls	KL 8-4444

San Francisco Water Department has new telephone numbers that provide direct dialing to various services:

General Information	KL 8-4641
Customer Services — No Water	KL 8-3951
Turn On — Turn Off Water	KL 8-3951
Customer Accounts — Bills	KL 8-4395
Bill Payments — Collections	KL 8-4004
Unusual Bills or Consumption	KL 8-5081
Service Installation — New	KL 8-3196
Emergency Calls — Pipe Breaks or Leaks (24 Hours Daily)	KL 8-4101

THESE THREE "MUNI MEN" SHARE 21 SAFETY AWARDS



An operator who has regularly received courtesy commendations — Nash Garcia 59 — hit the "Muni Man" jack-pot in June with the title award and $50 from Metro Media Transit Advertising. Garcia, who resides at 526 Campbell Avenue, has been with the Muni for 19 years, is the holder of four One-Year and two Two-Year Safe Driving Awards from the S. F. Chapter of the National Safety Council and operates on the No. 6-Masonic and No. 7-Haight lines.

Fifty-eight year old Delore Biskner who has been in the "driving business" most of his life, became the Municipal Railway's 157th winner in July. Before joining the Railway in 1950, he drove a cab in San Francisco for several years and was an operator with the old Market Street Railway before that. Biskner has earned seven Safe Driving Awards and his loyal customers can generally find him on the Nos. 71-Haight-Noriega and 72-Haight-Sunset lines. He resides at 80 Tiffany Street with his wife, Wenole, and is an enthusiastic chess fan in his spare time.

Operator Charles Loving was nominated "Muni Man of the Month" as the 158th winner and in addition to eight Safe Driving Awards he's the proud head of a family that includes eight grandchildren. He is 56 years of age, lives at 1634 Armstrong with his wife, Elnora, and has been with the Railway since 1946. During the past several years he has built up a solid core of loyal riders who greet him by name on the No. 42-3rd-Evans line and has received numerous commendations for the quiet, helpful assistance he attempts to provide all his passengers.

YOUTHFUL JAPANESE "SISTER CITY" GROUP TOURS SAN FRANCISCO ABOARD THE MUNI

Operator Billy Ray Kelly, 24, of Kirkland Division, had an interesting and unusual charter coach assignment recently: He was the personal guide and chauffeur for a lively group of 15 specially chosen high school and college students from San Francisco's sister city, Osaka, Japan. He took them to Candlestick Park where they were guests of the S. F. Giants.

In addition to Candlestick the group's whirl-wind, three-day visit included a meeting with Mayor John F. Shelley at City Hall, a tour of the entire City, visits to the Presidio and to the YMCA Mission Branch, a party given in their honor by the S. F. Youth Association — and then away to Yosemite!

Mayor Shelley signs Muni Operator Billy Kelly's time card, authorizing his afternoon-long visit to Candlestick Park with his group of youthful guests from Japan. Shigeru Tanaka of the Osaka Mayor's Office, San Francisco's "Miss Sister City", Ellen McGinty and members of the tour group look on.
